

GRANITE STATE GATE SYSTEMS INC.

PREVENTATIVE MAINTENANCE & SERVICE AGREEMENT

SLIDE GATE OPERATORS

It is agreed that "to service and put in proper operating condition" includes service and repair of:

- A. Drive Train check for excessive slack, check bearings and shafts
- B. Limit Switches check and adjust as required
- C. Brake check and adjust as required
- D. Sprockets check for wear and set screw tightness
- E. Chains lubricate and adjust as required
- F. Clutch check and adjust as required
- G. Belts check condition and tension
- H. Manual Disconnect check and operate
- I. Frame Bolts check and tighten as required
- J. Safety check and operate all entrapment protection devices, test current sensings and adjust if needed. Check for "WARNING" signs.
- K. Controls check and operate
- L. Electrical inspect wire connections and relays, inspect board for debris and corrosion
- M. Total Unit inspect for wear or damage
- N. Gate inspect for wear and damage

A report of the work accomplished and parts used, if any, will be furnished to the purchaser in the form of an invoice.
